APPROCH NOTE & OUTPUT SCREENSHOTS

WHEN MANAGER LOGINS:
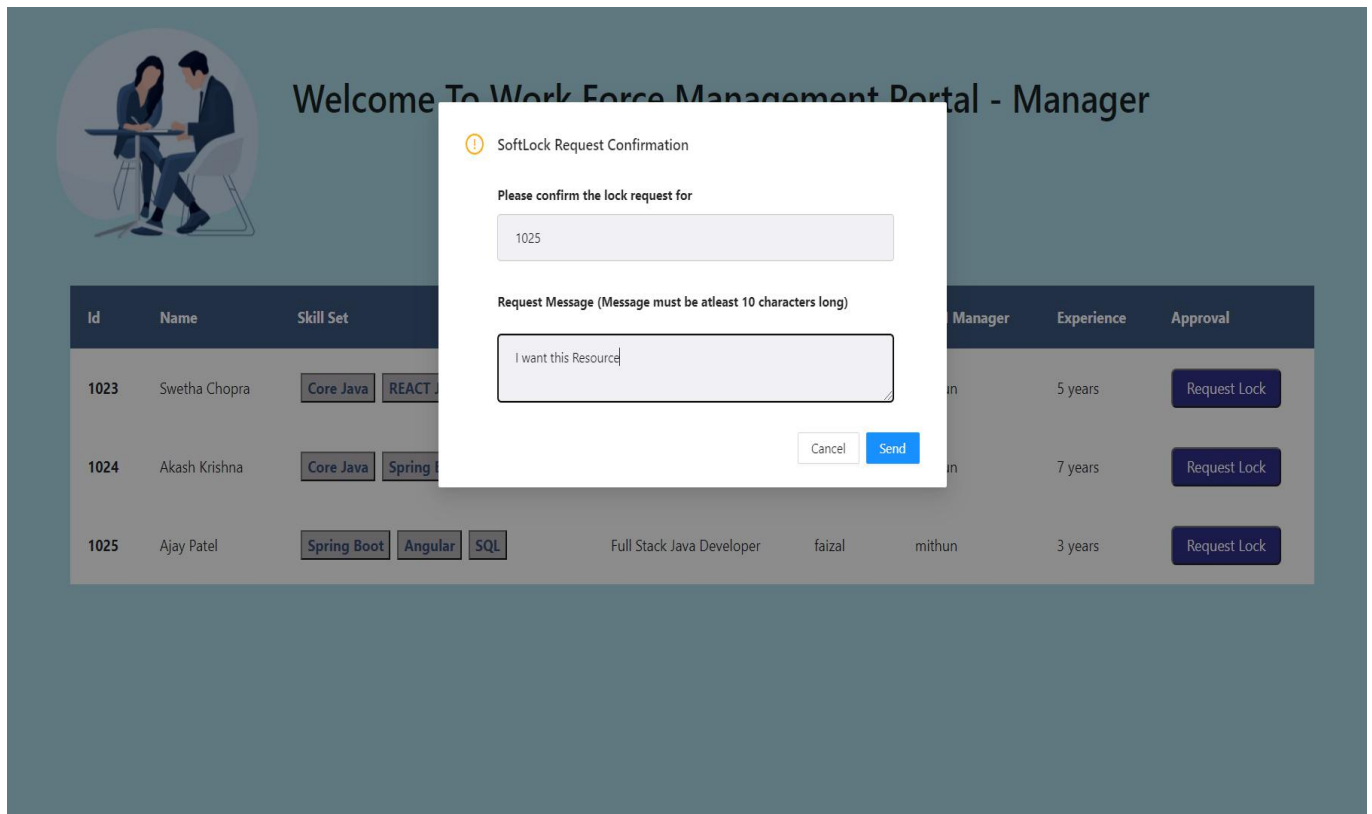

✧ List of employees whose status is 'not_requested ' and those who are under those manager who login is displayed when the manager login using Redux Saga and saved it in state.

Welcome To Work Force Management Portal - Manager

Id	Name	Skill Set	Profile	Manager	WFM Manager	Experience	Approval
1023	Swetha Chopra	Core Java REACT JS	Java Developer	faizal	mithun	5 years	Request Lock
1024	Akash Krishna	Core Java Spring Boot Angular	Full Stack Java Developer	faizal	mithun	7 years	Request Lock
1025	Ajay Patel	Spring Boot Angular SQL	Full Stack Java Developer	faizal	mithun	3 years	Request Lock

✧ When clicking on 'Send Approval' the corresponding employee details is fetched from state using 'selector' and the popup form appears to send request for approval to the corresponding WFM member.

- ❖ Once the 'Send' button is clicked the request gets inserted into the softlock table with managerstatus as 'awaiting_confirmation' and also updated the lockstatus of that employee from 'not_requested' to 'request_waiting'.

- ❖ And once the request is sent for approval that employee will be automatically removed from the list of employees that is displayed to that manager without refreshing the page as their lockstatus is changed from 'not_requested' to 'request_waiting' and a alert message appears at the top as 'The Request is Successfully sent for Approval' as shown in below screenshot.

The Request is sucessfully sent for Approval

WHEN WFM MEMBER LOGINS:

✧ List of employees who are under him and managerstatus is 'awaiting_confirmation', status is 'waiting' and lockstatus is 'request_waiting' is displayed when the WFM Member login using Redux Saga and saved it in state.

Welcome To Work Force Management Portal - WFM Member

Id	Name	Manager	WFM Member	Profile	Experience	Approval Details
1007	Benny Shaw	rohit	mithun	Full Stack Java Developer	2 years	View Details
1008	Akram Khan	rohit	mithun	Full Stack Java Developer	7 years	View Details
1009	Bejoy Menon	rohit	mithun	Full Stack Javascript Developer	2 years	View Details
1022	Karthik Kumar	faizal	mithun	Python Developer	4 years	View Details

✧ When clicking 'View Details' button a pop up form occurs which displays the details of that employee which are fetched from softlock table using Redux Saga.

✧ The WFM Member cannot edit other details of that employee and can only Approve/ Decline the request.

♢ When the WFM Member Approve/Decline the request and click on 'Send' button that employee will be removed from the list of employees automatically without refreshing the page and popup message will be displayed as 'The Request is Updated' as shown in the last screenshot in next page.

♢ If the request is approved then the following updates are made: status as 'approved' , managerstatus as 'accepted' and lockstatus as 'locked'.

♢ Similarly, If the request is declined then the following updates are made: status as 'approved' , managerstatus as rejected and lockstatus as 'locked'.
